Science Week a note from Mrs Young- 4th- 7th June

After half term, we are busy planning lessons for this year's 'Science Week' which is on the theme of 'Space and Stars'. To launch this event the children have taken part in a science assembly today and learnt about some of the activities including a whole school investigation into making rockets.

To start off the week, we have a mobile planetarium booked thanks to funding from the PA and each class will spend some time learning about the solar system and stars in this unique experience.

We hope this will be an inspiring and exciting week of science.
