LOCAL COMMUNITY – Updates from St Rose’s

Community Shed

We have launched a community shed which provides food and household items that may be needed by our families. Please see attached letter.

St Rose's Long Term Plans

As a school, we are currently investigating extending our school provision to provide nursery places for 2 year olds. The intention would be to provide additional space and staffing to run this alongside our current Nursery and would be a separate class. The first stage of this process is to gauge whether this is something that there would be a demand for and whether this would be a term time only provision or if parents would require all year round care. If you feel that this is something that you would be able to make use of, would you please take a few minutes to answer the short questionnaire so that we can consider how to move forward with this. We will keep you informed of our progress with this exciting project. If you know of any other parents that may be interested, please share the link with them.
